

ST. THOMAS SCHOOL, LONI
SESSION: 2022-23
ROAD SAFETY REPORT

“Nothing is of greater importance than the conservation of human life.” – **Calvin Coolidge**

26th January, 2023- Road safety is one of the most common and important topic that must be added in the education system in order to bring more awareness in the public, especially among school students. Road safety is an issue that affects everyone. Everyone needs to be well aware of the road traffic rules especially children and young people who are at significant road accident risk.

The Ministry of Road Transport and Highways observes Road Safety Month from 5th January 2023 to 4th February 2023. The purpose behind this is to spread awareness on the importance of road safety. Different suggested activities by DIOS were conducted on the theme of ‘Road Safety’ in St. Thomas School, Loni such as video sharing, essay writing, elocution competition, and quizzes for students of classes I to IX. All the activities were aimed to create awareness on road safety among students.

The activities concluded by the pledge taking after the unfurling of the flag on the occasion of Republic Day. The road safety pledge was led by one of the members of student council and undertaken by the students, teachers and parents present on the occasion.

The Principal of the school Ms. Shali Nair also addressed the gathering and guided the attendees to understand the importance of road safety rules. She acknowledged the contribution of students who took part in various activities for showing awareness and enthusiasm in making it a fruitful event.

It is necessary that everyone should follow traffic rules. It is our moral duty to follow road safety rules.
