

ST. THOMAS SCHOOL, LONI

PLANTATION DRIVE

REPORT

20th July, 2024- St. Thomas School, Loni organized a plantation drive and nature walk for the students of classes VI to IX in the school premises. The activity was undertaken with reference to a circular from the Chief Development Officer of Ghaziabad. The aim of the drive was to raise awareness among students about the importance of trees for the environment and to encourage them to participate in activities that help to protect the planet.

The students were divided into groups, and were assigned different areas within the school for plantation. They enthusiastically participated in the drive and planted around 15 saplings. The students were also briefed on how to take care of the plants and were encouraged to visit the site regularly to monitor their growth and development.

The tree plantation drive conducted in the school was a great success that motivated the students to take more such steps in future to become an active 'ECO WARRIOR'.
