

# ST. THOMAS SCHOOL, LONI

## MONEY ACTIVITY

Money activities are a fun way to teach kids about money. Engaging hands-on activities with money are the ideal ways of teaching kids these important Math lessons. Learning to count money is an essential skill that kids should master. Through these activities, students are made comfortable counting out change involving real money.

St. Thomas School, Loni conducted a “Money Activity” which included an excursion to Kerala, where our little ones of classes I and II got involved in various activities of money and transport on 02/02/2023.
