

ST. THOMAS SCHOOL, LONI
SPECIAL ASSEMBLY: CULMINATION OF MATHS WEEK
CLASSES: VII-XI

‘Mathematics gives us hope that every problem has a solution’

St. Thomas School, Loni organised Maths Week from December 16th to 22nd, 2022 to enhance the confidence of students to solve maths problems. Various activities and competitions were held as part of the ‘Maths Week’ celebrations. One week of nonstop math buzz continued in each and every class from class III to XI.

Students enthusiastically participated in various activities like number snake. Crossword Word Puzzles, Fraction Maze, logical reasoning and Sudoku. Short life story of Srinivasa Ramanujan was shown to the students and quiz based on the same was conducted in each class. The week long activities enhanced the thinking and mathematics problem solving skills of the young ones. The Math week was a success in intriguing the students about the exciting world of Mathematics.

Special assembly was conducted on the culmination day of the Maths week. The programme commenced with seeking almighty’s blessings through mathematical prayer followed by News Headlines, thought, word of the day and a special pledge based on mathematics. Importance of mathematics in our daily life was explained through an informative skit followed by a Nukkad Natak (street play). Winners of Finale of Sudoku competition was announced by ma’am Principal. All participants performed to their best of abilities. The celebration was truly entertaining and educating. The programme culminated with appreciation and motivational message by ma’am Principal.
