

International
TIGER DAY

International Tiger Day plays a crucial role in spotlighting the urgent need to conserve tigers and their habitats. The day facilitates conversations about the challenges faced by tigers, while also providing a platform for sharing strategies that could help secure their future.

To commemorate the ‘International Tiger Day’ and to promote awareness, conservation and expansion of wild tiger habitats, the students of class I presented a special assembly on 27th July 2023.

The programme commenced with seeking Almighty’s blessings through a prayer song, followed by pledge, thought of the day, news headlines and word of the day. Thereafter children presented a skit and a dance depicting the sufferings of the tigers on planet Earth. The little wonders left everyone spellbound by their oratory, acting and dance skills. Ma’am Principal and Head Mistress ma’am appreciated and applauded the efforts made by the students and expressed their heartfelt gratitude. The programme culminated with appreciation and motivational message by ma’am Principal.
