LABOUR'S DAY ASSEMBLY- 2024

“Labour is prior to, and independent of, capital. Capital is only the fruit of labour, and could never have existed if labour had not first existed. Labour is the superior of capital, and deserves much the higher consideration.”

- Abraham Lincoln

It is observed globally on May 1st every year. The day spreads awareness about workers' rights

and also recognizes the accomplishments and opportunities of every labour which they should get for their welfare and betterment. Labour Day provides the labourers with the right to work for only 8 hours a day. This gives labour relief from the stress and pressure from lots of activities performed in a single day. Various Themes are provided by the Government to the people to focus on their Rights to be achieved in a better way.

The theme of labour day 2024 was Social Justice and Decent Work for All.

St. Thomas School also celebrated this day by paying respect to the people who work for the school. Students of classes IX- XIII, organized a special assembly to enlighten about the valuable contribution of labourers to our society and their vital role in the growing economy of the country. The children expressed their gratitude to their didi's and bhaiya's who take up multiple roles and contribute in the smooth functioning of the school.
