

ST. THOMAS SCHOOL, LONI
SESSION 2023-24
SPECIAL ASSEMBLY ON NURSES DAY
CLASS-IX
REPORT

“To be temporarily the consciousness of the unconscious, the eyes of the newly blind, the leg of the amputee, imparting knowledge and confidence to the young mother, a voice for those too weak to speak, engaging in all such things, in a way that nobody else can, in spite of all they go through, is to be a nurse.”

The world commemorates International Nurses Day worldwide, every year on May 12th, the anniversary of Florence Nightingale's birth, in recognition of the tireless and invaluable contribution of nurses to health care and global health security. Florence Nightingale was an English nurse, social reformer, and statistician. During the Crimean War, she gained fame while serving as a manager and trainer of nurses, being the pillar of modern nursing. She brought a reputation for nursing and became an icon in the Victorian culture. The theme for this year's International Nurses Day is **'Our Nurses Our Future.'** This global campaign sets out to address global health challenges and improve global health for all.

On, 12th May 2023, on account of Nurses Day, St. Thomas School, Loni conducted a special assembly to recognise the selfless efforts of our nurses. The programme commenced with seeking the Lord Almighty's blessings through prayer song by the school choir, followed by the Pledge, thought, word of the day and the News Headlines. Importance of the day was read to mark the significance of the day. A mesmerizing dance performance by Anukriti Saroha and Paras Baisoya, and a mime by the students of class IX were staged, depicting the life of a nurse, were the central attractions. Ma'am Susan was felicitated by our Principal ma'am for her exemplary dedication as a nurse. Ma'am Principal honoured the stage to remind us all about how imperative are our nurses and the prominent role played by them for the society. She applauded all the students who had participated in the assembly in making it a memorable one.
