

## Educational Excursions to National Gallery of Modern Art

**Date: 8/7/2023**

Students of St. Thomas School, Loni got the opportunity to visit National Gallery of Modern Art on 8/7/2023 a renowned art institution in New Delhi. The purpose of the visit was to expose the students to various art forms, inspire their creativity, and deepen their understanding and appreciation of modern and contemporary art.

Prior to the visit, the school organized a brief orientation session, introducing the students to the concept of modern and contemporary art. This session covered different art movements, famous artists, and key terms related to the artworks they would encounter at the gallery.

The National Gallery of Modern Art offered a diverse range of exhibitions, carefully curated to showcase different art movements, styles, and mediums. The students were guided through the various sections, each presenting a unique artistic narrative.

Throughout the galleries, the students encountered a wide array of artworks, including paintings, sculptures, installations, and multimedia pieces. The artworks represented different periods, styles, and themes, allowing the students to explore a broad spectrum of artistic expressions. Numerous artworks captured the students' attention and imagination during the visit.

The visit to the National Gallery of Modern Art was an enriching and inspiring experience for the students from St. Thomas School, Loni. The gallery's diverse collection provided a holistic understanding of modern and contemporary art. The visit stimulated the students' creativity, fostered their critical thinking skills, and nurtured their appreciation for artistic expressions.
