

## **“SILVER ZONE INTERNATIONAL OLYMPIAD OF SCIENCE”**

*International Olympiad of Science (iOS) is that event of the Foundation which has captured the imagination of the budding talents of our upcoming generation. Since its very inception, the event has received rave reviews from the teachers and taught alike. It is a test of competence and proficiency in Science and is held annually at the National and International levels, based on syllabus prescribed by CBSE/ ICSE and the other State Boards. Apart from syllabus, a part of test paper is based on the Applied Science. The tests at local or regional level do not provide the right insight and judgement about the challenges ahead. iOS builds a solid foundation for school students to excel in Science based on ICSE, CBSE and State board syllabus. A comprehensive report based on Olympiad examination enables students to deliver deeper into their strengths and weaknesses and also motivates them towards excellence.*

Students of classes 6 to 8, bagged medals and brought laurels to the school by participating in the iOS- 2020. They came out with flying colours.

<b>Class</b>	<b>Name</b>	<b>Achievement</b>
VI	Pranjal Harbola	Special Achievement Certificate + Gold Medal(Class Rank)
VII	Saksham Bhardwaj	Special Achievement Certificate + Gold Medal(Class Rank)
VIII	Hritvi Tomar	Special Achievement Certificate + Silver Medal(Class Rank)
