

“Not everyone can become a doctor because not everyone has the knowledge, skill and patience to offer his services selflessly to the patients.” The students of V-A and V-B held a virtual special assembly on Doctor’s Day to highlight the importance of the day and spread awareness about the role of doctors in our lives. The assembly began with prayer followed by the thought of the day .A vibrant speech highlighting the importance of doctors and their service was delivered. The speech was followed by Thank you messages by students, a beautiful poem and a song for doctors to appreciate their contribution to the Pandemic COVID-19, where doctors are the frontline warriors.

Assembly was concluded with a beautiful power point presentation with thank you cards and video messages by students in order to express gratitude and respect to the doctors and thank all of them for all the care they take to make our life healthy and comfortable especially in this pandemic.
