Significance of this Day:

We celebrate this day to acknowledge and express our gratitude to our medical doctors who work tirelessly day and night to ensure our wellbeing. In this crucial pandemic situation, it's even more necessary to thank them for working 24X7 for saving our lives. Forgetting their families, they chose to serve the nation. Cheers to their spirit and dedication that they continued to work meticulously without stopping in the hour of crisis, risking their own lives.

To perceive the commitments of doctors, a special virtual assembly was conducted by Students of Grade I and Grade II at St Thomas school, Loni with unsurpassed joy and vigor, they expressed gratitude and respect to the doctors for making our lives healthy and comfortable. Assembly initiated with a prayer followed by news and thought of the day.

The show was anchored by the kids. The show began with anchors speaking about the importance of 'Doctor's day' celebration and the noble service provided by the doctors to the society. It was followed by a poem on doctors and a small skit by the kids, which showcased the relationship between a doctor and the patient and also told us about the unconditional support provided by them. The skit emphasized on the kind of faith a patient has on the doctor. Doctor is considered as God by the patient & his family. To get familiar with the doctor's contributions, a PowerPoint presentation was shown in which roles played by them in our lives were highlighted. The whole atmosphere was filled with gaiety when young students tapped their feet on Ganesh Vandana song.

The assembly came to a closure with a thoughtful message by the school Principal, Ms. Shali Nair paying a perfect tribute to all the doctors who have made relentless efforts towards the lives of everyone and depicting the true symbol of love, sacrifice, bravery, and courage and she appreciated the efforts of students, teachers and parents as well.
